

- * SWBAT differentiate between static and dynamic equilibrium
- * SWBAT observe the tendencies of objects

Sep 6-2:31 PM

Welcome!!!

H. Leslie Grebe

SECA Physics
Friday 20 September 2013

Centering...

New people?

- * Pick up:
 - small slip of paper (for later)

Opening Activity:

Flick a card from under a penny...

1. Balance an index card on your index finger.
2. Balance a penny on the card right above your finger.
3. With the nail of your other index finger, give the card a quick horizontal snap.

Be patient -- keep trying!

CANDY?

Sep 7-7:04 AM

What's going on with the penny???

Is it easier with one penny or three?

With the index card or the sandpaper?

What seems to work???

↳ gets

FLICK FROM
SIDE

PENNY IN
CORNER

Sep 20-1:38 PM

Review of Wednesday:

Kinds of Equilibrium???

Could someone demo?

STATIC → STILL
DYNAMIC → MOVING

SAND PAPER
PIECE OF
WOOD

STEADY IN CAR
(SAME SPEED,
NO BUMPS)

Equilibrium means... BALANCED OR STEADY

Dynamic if:

- not speeding up or slowing down
- not changing directions

Sep 21-2:13 PM

Pennies seem kind of "lazy"...

Where else can we try this out?

Wanna try???

PENNIES, DISHES

OBJECTS THAT ARE STILL
TEND TO STAY STILL

OBJECTS THAT ARE MOVING
TEND TO KEEP MOVING

What about moving things???

Justin Bieber doll goes over the cliff when
his car crashes!

Sep 21-2:37 PM

Daily 3 Questions

- * Every day except test/project days
- * 3 Questions on the topics of the day
- * Main source of daily points
- * I am happy to give credit when I have no concerns about someone giving or getting help with the answers.

You can't get your points if you don't have your **NAME!!!**

Name	Period
1.	
2.	
3.	

Sep 9-7:32 AM

1. Dynamic Equilibrium means the forces are balanced / steady while an object is

A. momentum

B. massive

C. moving

2. True or False: An object sitting still tends to stay sitting still.

PENNIES, DISHES

3. True or False: An object moving tends to stay moving.

BIEBER!

Sep 14-7:28 AM
